Rotary News

Group Study Exchange in Norway

The Group Study Exchange is one of the Rotary Foundation's flagship programs. It is above all a cultural exchange intended to further peace and international understanding, but it is also an opportunity for international professional networking, allowing young business and professional men and women in their initial years of professional life the possibility of developing professional and leadership skills so that they can address the needs of their communities in an increasingly global workplace.

The Group Study Exchange this Rotary year will be with District 2250 of Norway. District 2250's team will arrive in District 7620 on April 23, 2006, and will leave on May 20, 2006. District 7620's team will leave on May 13, 2006, and will leave District 2250 on June 10, 2006.

If you, or someone you know, is interested in more information, go online at www.rotary.org. Applications are due November 1, 2005.
